CIRCO Y DANZA

## THE COMPANY

We come “from there to here” (de lá pra cá) bringing a new vision for the performing arts, providing a particular language within the contemporary circus.

As an independent company, its formation was spontaneous. Was born from the meeting of three young artists with a vision of blending circus arts dance.

## THE SHOW

### NOIS UM

NOIS UM show that transports the public to a state of sensitivity. A choreography full of synchronicity, uniting the bodies, creating a impactful, soft and poetic atmosphere. The dancers with their deep and radiant gaze are become into public spectators.

Accompanied by live music that accentuates and gives texture to the movement in the different dynamics of the show. The sound of unusual instruments creates a unique and authentic atmosphere.

The union of: contemporary dance, acrobatics, contact juggling and Capoeira create virtuous movements filled with surprise and synchronicity
